

STEVE DEBRAND

Studio Manager
Engineer/Producer

Academic and Professional Background

Meet Stephen DeBrand, a distinguished graduate from Full Sail Academy, where he graduated at the top of his class, showcasing his academic prowess and dedication to his craft. With over 20 years of experience in the music industry, Stephen has established himself as a seasoned Studio Engineer and Manager, known for his technical expertise and professional integrity.

Career Highlights

Stephen's career includes significant roles such as the Head Audio Engineer for prestigious organizations like the Golf Channel and HBO Latino. These positions highlight his versatility and capability to handle high-stakes environments, ensuring premium audio quality for a variety of productions. His work at these institutions not only underscores his skill in audio engineering but also his ability to lead and manage complex audio operations.

Expertise in Studio Management

As a Studio Manager, Stephen DeBrand brings a wealth of knowledge and a strategic approach to overseeing studio operations. His leadership ensures that all projects are executed flawlessly, meeting the high standards expected in professional recording environments. His role involves coordinating with artists, managing technical resources, and maintaining the high quality of production that his studios are known for.

Conclusion

Stephen DeBrand's extensive background and successful track record make him an invaluable asset to any production team. His commitment to excellence in audio engineering and studio management has solidified his reputation as a leading professional in the industry, capable of delivering superior results in every project he undertakes.
